Trane ComfortLink™ Remote Thermostat and the Schlage LiNK™

Total comfort from anywhere. Home energy management with a simple web interface.

Your independent Trane dealer specializes in creating your ideal home environment. Now your Trane dealer can also give you an unprecedented level of control and security thanks to the Trane ComfortLink™ Remote Thermostat energy management system and the Schlage LiNK™ web based interface. One interface can control many aspects of your home, from Z-Wave® enabled lights and small appliances to your heating and air conditioning system. It's total integration from one simple solution.

You can also add optional Schlage® web enabled cameras and Schlage® wireless keypad locks that can be controlled remotely for greater peace of mind.

The Trane® ComfortLink™ Remote Thermostat and Schlage LiNK™ System.

The Trane ComfortLink™ Remote Thermostat complements and enhances the functionality of your Trane Comfort System and allows remote access through the Schlage LiNK™ interface.

- Adjust the temperature remotely from most web enabled cell phones or computers to arrive home to your ideal environment.
- Place your Trane Comfort System into an energy savings mode from anywhere in the world to reduce your utility costs while away.
- Receive text and email alerts when it's time to change the filter or clean your air cleaner collection cells, if applicable.
- Set your system to send text and e-mail reminders when it's time for routine maintenance before the heating or cooling season begins.
- Receive an alert message in the unlikely event the system does not maintain the temperature you have set.

The intelligent, internet enabled Schlage LiNK™ system interface makes the daily challenges of managing your home's comfort and environment as easy as logging on to a computer or most web enabled mobile devices.

Manage energy.

- Reduce energy consumption up to 15% with an energy savings schedule.*
- Use a computer or most web enabled cell phones to check the temperature of your home, from anywhere. Make changes with just a few clicks.

*as compared to non-programmable thermostats

System keep you in control.

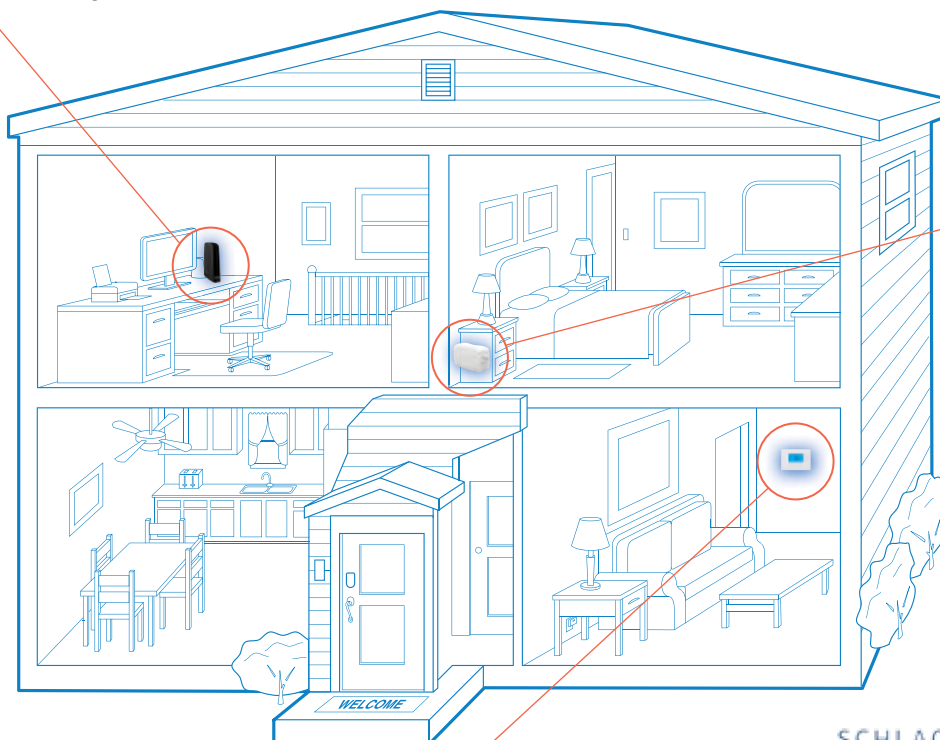

It's Hard To Stop A Trane®.

The Schlage® Bridge is the brain of the system, enabling communications among system components, and between the system and you from the Schlage LiNK™ web interface.

Text "phone" to MyLink (695465) to see if your phone is compatible.

The Appliance Module allows you to control Z-Wave® enabled lighting and small appliances from the Schlage LiNK™ web interface.

The Trane ComfortLink™ Remote Thermostat and Schlage LiNK™ web interface help you control the temperature settings of your home remotely by most web enabled cell phones or computers.

SCHLAGE
LiNK

Manage your home environment.

- Use a computer or your web enabled cell phone to check the status of your Z-Wave® lights and appliances.
- Reduce energy consumption by scheduling your Z-Wave® lights and appliances to be on only when needed with the Schlage® Appliance Module.

Make a big difference with small appliances.

These small appliances are some of the most common energy users in your home if left on all the time or placed in automatic standby mode. Standby loss is an estimated 6% of average household electric use.* By helping you control their use, the Schlage® Appliance Module and Schlage LiNK™ web interface provide a smart and simple way to help you save money on energy every month.

The ComfortLink™ Remote Thermostat and Schlage LiNK™ System are as flexible as they are effective.

The basic Trane ComfortLink™ Remote Thermostat system installed by your independent Trane dealer contains these features:

Trane® ComfortLink™ Remote Thermostat

- Through the Schlage LiNK™ web interface, remotely control your home's temperature to suit your family's schedule.
- Receive text alerts for filter changes and maintenance reminders.
- 7 day programmable thermostat with up to 4 settings per day.
- Multiple Trane ComfortLink™ Remote Thermostats can be added to the Schlage LiNK™ system as needed.

Schlage® Bridge

- Securely connects most in-home Z-Wave® enabled devices to the Schlage LiNK™ servers through encrypted communications.
- Manages communication on your Z-Wave® network.

Schlage® Appliance Module

- Turn on or off Z-Wave® enabled lights and small appliances remotely anywhere via your web enabled phone through the Schlage LiNK™ web interface.
- Incorporate lighting into schedules while on vacation to make your home appear lived-in.
- Multiple Z-Wave® appliance modules can be added to the Schlage LiNK™ system as needed.

Z-Wave® devices expand the functionality of your Schlage LiNK™ system.

The ComfortLink™ Remote Thermostat system, controlled through the Schlage LiNK™ interface, is based on a secure universal communication standard known as Z-Wave®. This wireless radio frequency-based technology transforms a single device into an intelligent network that can be securely monitored and controlled wirelessly. You can customize with over 200 Z-Wave® enabled devices.

Z-Wave® is a registered trademark of Zensys Inc. and/or its subsidiaries.

Connected Home Support Center

Should you have questions or encounter any problems with enrollment, set-up or management of your Schlage LiNK™ System, the Trane Connected Home Support Center is happy to provide technical support by calling 877-288-7707.

Customer Support Hours:

Monday–Friday 9am–7pm EST • Saturday 11am–6pm EST • Sunday 11am–4pm EST

Questions or concerns regarding your Trane system should be directed to your installing dealer.

What it takes to get started

- An active broadband internet connection and router with at least one available port.
- A computer with internet access and a supported internet browser.
- A valid email address.
- A compatible cell phone with an internet data plan and a SMS (text message) plan for remote features.

The Schlage LiNK™ System requires a monthly subscription fee to enable remote access via most web enabled cell phones and computers.

6 Month* Subscription Trial Period Included

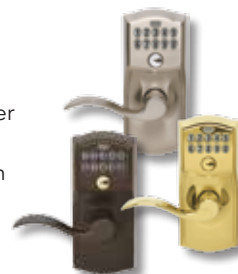

WHEN PURCHASED FROM
A TRANE DEALER

* Subscription service is \$8.99/month after first 6 months.

Add some peace of mind to your Schlage LiNK™ system with optional security features.

Schlage® Wireless Locks

- Store up to 19 unique user codes and never lose your house keys again.
- Receive text message or email alerts when specific codes are entered at the door.
- Set 24 hour temporary codes from most web enabled cell phones.
- Choose from 3 finishes to complement your home decor: Bright Brass, Satin Nickel, and Aged Bronze.

Schlage® Camera

The Schlage® Camera lets you remotely see what's going on at home through most web enabled cell phones and computers.

Schlage® Light Module

Turn lights on, off or dim them remotely anywhere by phone through the Schlage LiNK™ web interface.
